

Group *rating*

Joining a group rating program is the best way for Ohio employers to significantly lower their Ohio workers' compensation premiums.

We offer a multi-tiered group rating program with the highest possible discounts allowed by the Ohio Bureau of Workers' Compensation (BWC).

Program overview

Group rating enables state-funded employers with better than average claim histories to combine claim expenses and rate calculations to take advantage of premium savings currently reserved for larger employers. By participating in group rating, employers enjoy a much lower premium than could be attained on their own. Savings generally range from 20% of premium to the maximum discount allowed by the BWC each year.
